## Graduation Ceremony and visas

Congratulations on completing your course, now you can look forward to graduation! This factsheet will help you to understand how to stay in the UK for your graduation ceremony.

### Student Route

Start by checking the end date of your Student Route visa. This will be on your e-Visa or on the sticker in your passport.

If your graduation ceremony takes place before the end date of your current Student Route visa, you will be able to stay in the UK to attend it. You should not leave the UK in the period between finishing your course and the graduation ceremony.

In the following situations, you may need to apply for another type of visa to attend your graduation ceremony:

- Your graduation ceremony takes place before the end date of your current Student Route, but you leave the UK after your course finishes and intend to return to the UK for your graduation ceremony. Border officers may not allow you to enter the UK (even if your visa has not ended) because you have already completed your course.
- Your graduation ceremony takes place after your current Student Route visa expires. In this case you must leave the UK before the end date of your Student Route.

### Electronic Travel Authorisation

Electronic Travel Authorisations (ETAs) have been introduced for some visitors to the UK. This includes non-visa nationals. An ETA is a digital permission to travel-it is not a visa and does not permit entry into the UK-it authorises an individual to travel to the UK. Please check information on who must get an ETA, and how to apply before coming to the UK, by searching for 'eta' at gov.uk

### Standard Visitor visa

A Standard Visitor visa allows you to come to the UK to attend your graduation ceremony.

You should apply from outside the UK. You can apply up to 3 months before you travel to the UK. It usually takes 3 weeks to get your visa. The visa is usually a sticker covering a page of your passport.

If you are a non-visa national, you may not need to apply for your visa before travelling to the UK. You can request a Standard Visitor entry stamp when you arrive at the UK border. You need to carry the same documents as people who must get the visa before travelling, to prove that you meet the Standard Visitor requirements. Search 'check if I need a visa' at gov.uk.

### How to apply

Information about the application process, required documents and processing times for each country can be found on the UK Government website; search for 'standard visitor visa' at gov.uk.

In addition to the documents listed on the UK Government website, you must provide evidence for your main purpose of visiting the UK. You can use the confirmation email you receive after registering for your place at the graduation ceremony. Note that it will state your name, but not the names of your guests. Search for 'graduation' at arts.ac.uk for information about registering.

## Your guest(s) visa application

As your guest(s) will be coming to the UK to attend your graduation ceremony, you must provide them with the following documents to support their visa application:

- A copy of the ID page of your passport.
- A copy of your Student Route/Biometric Residence Permit.
- A student status letter from the University, if your guests apply before you complete your course. You can get this from the UAL Portal ([sits.arts.ac.uk](https://sits.arts.ac.uk)) or from the CSM Student Centre, LCC Information Centre, LCF Student Administration office or Camberwell, Chelsea and Wimbledon Student Contact Desks.
- The letter you received from the University confirming you have successfully completed your course, if your guests apply after you finish your course.
- A letter from your landlord, giving permission for guest(s) to stay with you, if this will be the situation. Bank statements, showing that you can cover your guest(s)' costs, if you will be providing financial support to your guests when they visit in the UK.
- An invitation letter written by you, inviting your guest(s) to the UK for your graduation ceremony. See below.

## Your invitation letter

The invitation letter that you write must be addressed to the Entry Clearance Officer at the British embassy where your guest(s) will be applying for their visa. In your invitation letter you must state:

- The full name and date of birth of each of your guest(s) and their relationship to you (for example your parent, sister, child or friend)
- That your guest(s) will be visiting the UK to attend your graduation ceremony
- The dates on which they plan to arrive in the UK and leave the UK
- The address of the accommodation at which they intend to stay. The type, start date and end date of your UK visa.
- That you will provide all of the money that your guest(s) will require during their stay in the UK, if they will be relying on you for financial support.
