TIME TO MAKE A FACE!

Extra Fun!

You can photograph your food face and try creating lots of different faces or even animals!

Have Fun!

Step 1
Find some fruit and veg.

Step 2
Think about the shape of the fruit and vegetables. What would make a good nose? Lips? Eyes? Can you arrange these on your paper to make a face? You could get someone to do this with you.

Step 3
Once you are happy with your food face you can have a go at drawing it.

Step 4
Add colour with colour pencils, pens or whatever you have at home.
