Our pre-degree courses:

At UAL, a pre-degree course is the usual entry point for applicants from high school, or for applicants who may have completed some college or university study in other subject areas. This first year is instrumental to develop confidence as a creative thinker, build skills and broaden approaches to research and experimentation.

UAL offers a range of full-time first-year pre-degree courses. Entry requires a High School Diploma or equivalent, as well as a portfolio of work. Some of UAL's non-portfolio academic degree courses do not require a pre-degree course.

Completing a pre-degree course prepares you for our highly specialised 3-year degree courses (BA/BSc).

Course information is correct at the time of publication but subject to change. For the most up-to-date information on all of our courses, please visit arts.ac.uk/predegree
